CAMPING LANTERN 24 LED

The POWERplus® Bear is a dynamo, solar, mains and car rechargeable weather proof and rugged 24 LED Lantern.

Made of durable and heavy-duty materials this lantern is a good companion during travel, camping, hiking, outdoor, and ideal for emergency use.

Through the warm white LED colour, the Bear gives a cozy reassuring atmosphere when you use it and the 24 LED design guarantees a bright light.

Integrated
0,72W solar cell

Integrated dynamo
in base
