**LED FLASHLIGHT Keychain**

Enjoy the freedom of mobile light everywhere you go.

POWERplus® introduces the Bee, an ultra small dynamo keychain flashlight with 2 powerful ultrabright LEDs.

The Bee is a handy and compact flashlight / keychain which you can carry with you anywhere due to its small and smart design.

Generate your own green energy by winding the handle. Light is always available by generating your own energy.

The Bee has three integrated luminescent (glow in the dark) stripes, so you can easily find the keychain flashlight in the dark.

Glow in the dark luminescent light
